

### *Moratoc Park*

An 18-acre county-owned park in the Roanoke River in Williamston, featuring a river overlook and fishing pier. This is the site of the original wharf of Williamston, where goods were shipped in and out. Several old buildings can be viewed from the outside including a one-room schoolhouse and a former lumber mill commissary. A long warehouse style building, which was commonplace along the river in earlier days, hosts receptions, weddings, regional meetings and conferences. It features a full kitchen, bathrooms and a huge working stone fireplace, as well as outside covered area for cooking (pig pickings and fish frys). Available for rental by calling 252-789-4300.
